

Dear Friends,

Welcome to the Holistic Child Health Newsletter.

The goal of my holistic pediatric practice, and of this newsletter, is to inform and support parents to become more empowered as the primary health care providers for their children.

Extending far beyond Western medicine's conventional treatments, holistic medicine and mindful parenting allow us to boost children's natural immunity, support their optimum health and wellness, safely heal any illnesses, and prevent disease-without dangerous side effects. Holistic medicine provides us with the tools to nurture the physical, emotional, social and spiritual health of your children.

Over the coming months and years, I intend to use this newsletter to address some of your concerns as parents, share information that you might want to add to your knowledge base, and inform you of important issues and current events that are happening in the news, and in your area.

Together we can heal the whole child. Naturally.

Yours in Health,

Lawrence B. Palevsky, MD

HAPPY NEW YEAR!

**Wishing Everyone of You....
Your Families and Children...
a Bright & Bubbly,
Healthy & Happy 2019!**

ACTION ALERT

Pinterest Bans GreenMedInfo for Posting Natural Health & Vaccine Safety Info

Read More About the Situation Here:

<https://bit.ly/2AkbxmH>

GreenMedInfo recently announced that Pinterest, a major social media platform with 250 million users, BANNED GreenMedInfo for posting natural health information, including research questioning vaccine safety.

The reality is that people are fed up with the increasingly widespread censorship of content that does not align with powerful financial interests and political agendas which do not serve the common good. This is why, instead of simply ignoring sites like GreenMedInfo, **they are now actively banning them.** And this does not bode well for the future, since much larger platforms like **Facebook have purged hundreds of similar pages** in the past few months simply for holding a dissenting or minority view about health or politics.

This is why taking a stand is important.

RECOMMENDED READING

No one wants to be sad, right? What if there were a magic potion to keep everything easy, comfortable, and happy? Would you take it? Travel to the land of Sangati where Asha and her family were praying for rain during a mysteriously dry period that was causing everything to fall out of balance, and her grandmother to be ill. Little did she know that the Sky Beings in charge of the weather and natural cycles were all under a happiness spell. Indra had forgotten that her tears were important, however, not only to her, but to the the very land below. Find out how she breaks the spell, saves Asha, her family, and heals the land with the sensitivity of her heart. Written by New York Times and international bestselling author and holistic psychiatrist, Kelly Brogan MD and her daughter, this story is offered as support for parents seeking to create room for feelings. Making room for feelings involves the acceptance of seemingly negative emotion as meaningful

and even healing. The greatest gift we can give to our children, and to this planet, is permission to feel it all.

ABOUT DR PALEVSKY

Dr. Palevsky is a NYS licensed pediatrician, who utilizes a holistic approach to children's wellness and illness. Dr. Palevsky received his medical degree from the NYU School of Medicine in 1987, completed a three-year pediatric residency at The Mount Sinai Hospital in NYC in 1990, and served as a pediatric fellow in the ambulatory care out-patient department at Bellevue Hospital, NYC, from 1990-1991. Since 1991, his clinical experience includes working in pediatric emergency and intensive care medicine, in-patient and out-patient pediatric medicine, neonatal intensive care medicine, newborn and delivery room medicine, and conventional, holistic and integrative pediatric private practice.

Dr. Palevsky is a diplomate of the American Board of Integrative Holistic Medicine, and Past-President of the American Holistic Medical Association. He received his pediatric board certification in 1990, and passed his pediatric board recertification exams in 1997, 2004, and 2011.

In his current practice in Northport, Long Island and Manhattan, NYC, Dr. Palevsky offers well-child examinations, consultations and educational programs to families and practitioners in the areas of preventive and holistic health; childhood development; lifestyle changes; nutrition for adults, infants and children; safe, alternative treatments for common and difficult to treat acute and chronic pediatric and adult conditions; vaccination controversies; mindful parenting; and rethinking the medical paradigm. Additionally, he teaches holistic integrative pediatric & adolescent medicine to parents, and medical and allied health professionals, both nationally & internationally, and is available for speaking engagements worldwide.
